Pack 6
Barcode 731562 607026 3

How to connect the electricity

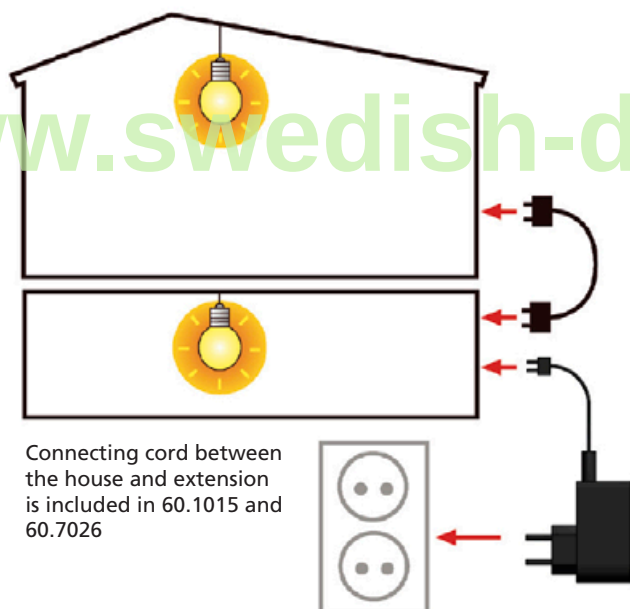

Lundby was the first in the world to install electric lighting in our doll's houses

All Lundby houses except Creative are made in a sturdy plastic selected specifically to permit a lighting system to be incorporated into the product, ready for lighting in every room.

It's easy to install lights in your doll's house. Just connect the Lundby power supply to the house.

Lundby electrical accessories may only be used together with a Lundby power supply in a Lundby doll's house.

Connecting cord between the house and extension is included in 60.1015 and 60.7026
