One of Sweden's few natural resources is timber.

For centuries we have maintained the tradition of manufacturing products made of wood.

Carefully selected materials, superb design and manufacture, fine workmanship that has been handed down through many generations - that is our tradition.

It is important for us that our toys live up to this tradition, whilst also managing to combine classic quality with innovative thinking.

When the name of Lundby is on a doll's house, you can rest assured that we have put our heart into making it.

Holz gehört zu den wenigen Naturreichtümern Schwedens. Seit Jahrhunderten pflegen wir die Tradition, Dinge aus Holz herzustellen.

Sorgfältig ausgewählte Rohstoffe, durchdachtes Design und Verarbeitung nach besten handwerklichen Traditionen sind unser Erbe.

Für uns ist es wichtig, daß unser Spielzeug in dieser Tradition steht. Gleichzeitig kombinieren wir klassische Qualität mit Innovation.

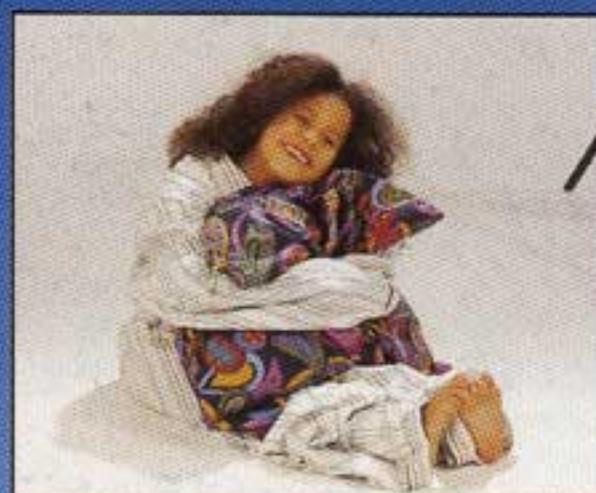

Wenn der Name Lundby auf einer Puppenstube steht, können Sie gewiß sein, daß wir auch mit dem Herzen dabei waren.

Trä är en av Sveriges stora naturrikedomar. Genom århundraden har vi haft tradition på att framställa produkter i trä.

Omsorgsfullt utvalt material, genomtänkt design och bearbetning efter förmöna hantverksmässiga traditioner är vårt arv.

Det är viktigt för oss att våra leksaker lever upp till denna tradition, samtidigt som vi kombinerar klassisk kvalitet med nyttänkande.

När Lundby har satt sitt namn på ett dockhus, kan Ni alltid vara säkra på att Lundby också har lagt sitt hjärta i det.
