eeet Lundby

Unlimited role-play with a Lundby doll's house.

WELCOME HOME...

Lundby is the world's oldest manufactured doll's house. A classical "play house" that is forever young! Not only that, Lundby is always in fashion. Lundby designs a wide range of new contemporary furniture and accessories (you can choose from over 100 different items), all in miniature. Lundby was also one of the pioneers in the area of fitted electrical lighting.

The Lundby Family can now enjoy a number of outdoor activities, thanks to their new garden. Look forward to cosy evenings in front of the fire or barbecues outdoors, depending on the weather.

VÄLKOMMEN HEM...

Lundby är världens äldsta dockskåp. Ett traditionellt "leka hem" som aldrig går ur tiden. Tvärtom – Lundby följer med tiden. Lundby utvecklar ständigt nya möbler och tillbehör (det finns över 100 att välja på!) anpassade för vår tids barn, och vår tids hem, fast i miniatyr. Lundby var t.ex. det första dockskåpet i världen med elektrisk belysning.

Nu kan familjen Lundby också roa sig med olika utomhusaktiviteter tack vare sin nya trädgård. Brasafton inomhus när vädret är sådant, grillfest ute när den årstiden kommer...

VELKOMMEN HJEM...

Lundby er verdens ældste dukkehus. Et traditionelt „legehjem“, som aldrig går af mode. Tværtimod Lundby følger med tiden. Lundby udvikler hele tiden nye møbler og tilbehør (der findes over 100 at vælge imellem!) tilpasset til vor tids børn, og vor tids hjem, men i miniature. Lundby var f.eks. det første dukkehus i verden med elektrisk belysning.

Nu kan familien Lundby også hygge sig med forskellige udendørsaktiviteter takket være deres nye have. Pejseaften inden dørene, når vejret er til det, grillfest ude, når den årstid kommer...

VELKOMMEN HJEM...

Lundby er verdens eldste dukkehus. Et tradisjonelt „lekehjem“ som aldri går av moten. Tvert i mot – Lundby følger med tiden. Lundby utvikler kontinuerlig nye møbler og tilbehør (det finnes over 100 å velge mellom!) tilpasset vår tids barn, og vår tids hjem, men i miniatyr. Lundby var f.eks. det første dukkehuset i verden med elektrisk belysning.

Nå kan familien Lundby også hygge seg med forskjellige utendørsaktiviteter, takket være sin nye hage. Peiskos innendørs når været tilsier det, og grillfest ute når den årstiden kommer...

TERVETULOA KOTIIN...

Lundby-nukkekodit ovat maailman vanhimpia nukkekoteja. Nämä perinteiset leikkikodit eivät jää koskaan vanhanaikaisiksi. Päinvastoin – Lundby seuraa aikaansa. Lundby tuo joka vuosi markkinoille uusia kalusteita ja varusteita (valikoimassa on yli 100 erilaista!), jotka ovat samanlaisia kuin nykyajan kodeissa, vaikkakin pienoiskoossa. Lundby oli esimerkiksi maailman ensimmäinen nukkekoti, jossa oli sähkövalot.

Tästä lähtien nukkekodin perhe voi olla myös ulkona ja harrastaa esimerkiksi puutarhanhoitoa. Talvella on ihana käpertyä sisällä takkatulen ääreen ja kesällä järjestetään ulkona grillijuhlat...

WILLKOMMEN ZU HAUSE!

Lundby ist das älteste Puppenhaus der Welt. Ein traditionelles „Papa, Mama, Kind“ Spiel, das zu allen Kindern passt, denn Lundby hält mit den neuesten Entwicklungen jeder Generation mit. Ständig entwirft Lundby neue Miniaturmöbel und -zubehör (über hundert Teile stehen zur Auswahl), die der aktuellen Kindergeneration und unserem jetzigen Lebensstil angepasst sind. Lundby war z. B. das erste Puppenhaus mit elektrischer Beleuchtung.

Neuerdings kann sich Familie Lundby auch dank

www.swedish-dollshouses.se

ihres neuen Gartens im Freien mit verschiedenen Aktivitäten beschäftigen. Bei schlechtem Wetter verbringt man den Abend am Kamin, während man in der entsprechenden Jahreszeit Grillfeste im Garten hat.

BIENVENUE À LA MAISON...

Lundby est le plus ancien fabricant au monde de maison de poupées. Chaque année, depuis l'époque où nos grand-mères étaient encore des petites filles, Lundby propose des nouveautés qui offrent de nouvelles possibilités de jeu et permettent d'entrer dans de nouveaux rôles. Ce n'est pas seulement la maison de poupées en soi qui a suivi les fluctuations de la mode. Il en est de même pour les meubles et des quantités d'accessoires.

Lundby a été le premier à présenter un grand nombre de nouveautés dans le monde des maison de poupées, l'électricité (sans danger !) par exemple.

Désormais, la famille Lundby pourra également s'adonner à différentes activités de plein air dans son nouveau jardin. Grande fête de barbecue ce soir... ? Vous êtes les bienvenus!

WELKOM THUIS...

Het eerste poppenhuis ter wereld werd gemaakt door Lundby. Een klassiek "vadertje-en-moedertjespel" dat nooit ouderwets wordt. Integendeel – Lundby gaat met zijn tijd mee. Lundby ontwikkelt steeds nieuwe meubelen en accessoires (keuze uit meer dan honderd accessoires!), afgestemd op de kinderen en de huizen van onze tijd, maar dan in miniatuurformaat. Lundby maakte bijvoorbeeld als eerste een poppenhuis met elektrische verlichting.

Nu kan de familie Lundby dankzij de nieuwe tuin ook genieten van activiteiten buitenshuis.

Buiten barbecuen als het weer het toelaat, of anders gezellig binnen rond de open haard...

A composite image featuring three children and a dollhouse. In the foreground, a young girl with blonde hair and blue eyes smiles. Behind her, a boy with blonde hair and blue eyes also smiles. To the right, a girl with dark hair and a yellow shirt smiles. In the bottom right corner, a portion of a dollhouse is visible, showing a room with wood-paneled walls, two small lamps, and a framed picture of red flowers.
